SMOKE RECOGNITION (3 HR. LECTURE/UNLIMITED ENROLLMENT)

SEPTEMBER 16, 2015 @ 7PM – WILDWOOD CONVENTION CENTER

Smoke Recognition is a lecture based session that will discuss all the critical behaviors of smoke and fire on the fireground. All firefighters should have an understanding on how to recognize these rapidly changing conditions to avert any injury or fatality that can occur. The program is an audio visual driven class with student interaction to get everyone to think outside the box when operating on today's modern fireground.

Cost: \$30 per person
