FMBA LOCAL 50

Wildwood City Fire Department - City of Wildwood, New Jersey

Is Proud To Present

FIREGROUND CONSIDERATIONS

Presented by

BOBBY ECKERT

Captain, Camden City Fire Dept.

The fire ground is an ever-changing and often chaotic place, where firefighters are forced to make a multitude of split-second decisions to affect a positive outcome. This class provides experience-based tactics that take a simplistic and aggressive approach to thinking outside the box. From building construction and size-up, to specific fire situations, this class covers an array of information that is paramount for your success. It will help instill confidence in your fire ground decision making, as well as give you knowledge to operate more effectively. Whether you're entry level or a seasoned veteran, take some of this information that some fail to consider and make yourself a game changer.
